What Our Courageous Heart Alumni Say...

"This job will callus our heart, closing us off from the people closest to us and removing our compassion and humanity. This course allows us to remove that callus and learn how to thrive in a difficult world."

"I was at a point where I had become cynical at work, and would be bitter. I was also less compassionate with my spouse. I was reminded during this course to be more compassionate and I have found that I have a clearer mind where I feel at ease."

Your class really opened my eyes and gave me something to do to fix me. Since the class I have been meditating faithfully, I'm halfway through the book you gave us, I have started setting intentions every morning, and reflecting at night. I feel so much better and I'm only a month into this. My blood pressure is down and I have only taken a sleep aid twice in the last month. I feel more energized at work and I am a firm believer in what I'm practicing. I just wanted to reach out to you and say thanks and to let you know that you helped me tremendously. I would love to help out in any way I can at any future classes."

"I am not an emotional, affectionate, compassionate person. But I am leaving here knowing that it's ok to be, and realizing it isn't hard to do."

"Critical incident / divorced / life was becoming more and more negative, and without looking in the mirror and deciding to make a change, who knows where I would be. Officer wellness is something that needs to be given the time and resources or you fail the officer."

"Took a walk after day two of the training and applied the breathing techniques I learned in training. I take a walk every night and my mind is always racing. The controlled breathing put my mind at ease, I was focused and had the most peaceful walk I can remember."

"Began the week with tension knots in my shoulders. After the breathing exercises they were gone. I hope to continue the exercises and lose the tension for good."

"This was an amazing experience that is an absolute must for law enforcement officers, supervisors, and command staff. This will effect positive change in law enforcement allowing us to be the utmost leaders in our community, using compassion for ourselves and others."

Since 2018

Courageous Heart: The Human Behind the Badge has provided science-based resilience and compassion training to sworn and non-sworn peace officers throughout California. Our courses are designed specifically for professionals in emotionally challenging and physically dangerous roles, dedicated to protecting and serving the general public. The suggested methods in Courageous Heart (CH) training are backed by the experiences of Law Enforcement Officers and First Responders, and our courses equip students with practical, usable skills for personal and professional life to help to alleviate stress, and bring clarity and calm in relationships, and interpersonal interactions.
